Which lesson was your favorite?

Agenda

The Present

The Future

The in-between

Targets goals

Course Summary

Skills deficit

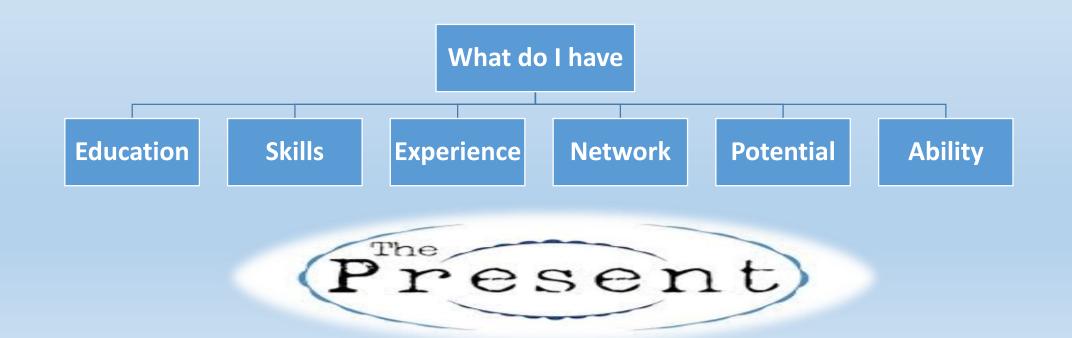

Career reflections

The Present

The future

The in-between

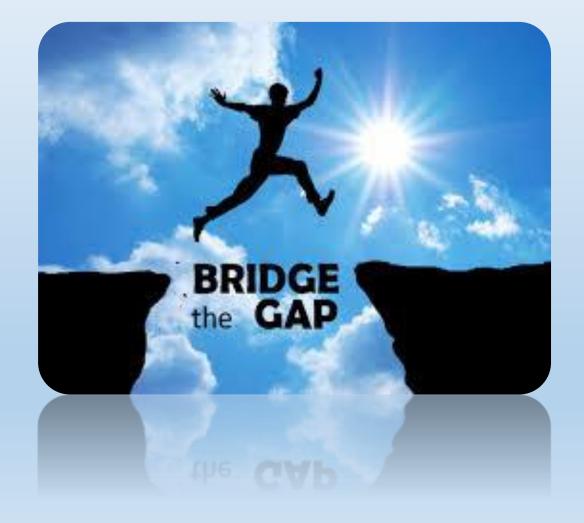

After your have evaluated your Present and Future its time to bridge the gap

Identify
what you
don't have in
your corner

What you need to improve on

Make a detailed plan + Time Frame

Focus on what you don't have first

Your Plan

What you want to Achieve front & center never loss focus

List of skills you need to gain of improve(communications, sales, networking, leadership)

Do you need to add additional education/qualification

What experience do you need to gain.

What time frame do you need to achieve this...

Now how do you achieve this That is the question......

Easiest way to improve or gain skill is to practice find opportunities to practice

Add education/knowledge/qualificati on....hmmmm you already know

Gaining relevant experience, volunteer in work, charities, community center's

Time to do it

Don't lie to yourself

"Biggest challenge is you....don't stand in your own way!!"

"Its not a good time works really busy right now"

Your too busy to improve your life!!!(rubbish)

Good intentions stay
Intention without action and
commitment!!!

"Maybe tomorrow or next week maybe next month?!"

Time is the only thing you truly lose.....

Thank You
